## I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

## PIKEVILLE

### The Revival.

The revival meeting is still in progress and conversions increase nightly.

Rev. Harbin, preacher in charge is doing some wonderful preaching, and is delivering soul stirring sermons, especially is this so of the sermon Tuesday night. With his wonderful eloquence and oratory he held his audience spellbound for an hour and a half. We will venture the assertion without fear of successful contradiction that the sermon Tuesday night was the apex sermon of the series.

The very gates of hades were thrown open and the audience viewed as they never viewed before the torments to the many lost souls. He then turned to the pearly gates and showed the beauties thereof, and in eloquence we will not attempt to describe here, he contrasted the two. His picture of a lost soul is too hideous for us to attempt to describe.

Street meetings under the direction of Messrs. Gray, Hoskins and Chiles continue to grow in interest and many are started to thinking of eternity by these street meetings. Cottage prayer meetings also grow in interest and much is being accomplished by these.

Altogether, it will be a very successful meeting and as we said last week the devil has taken to tall timber and is still going.
